Price 5 gp

Usage Affixed to Armor;

Activate ; **Trigger** You attempt a saving throw against a fey, hag, or witch.;

A hex nail is a thick, 6-inch-long nail forged from cold iron. Usually carried like charms or concealed within the heels of shoes, these roughly worked nails are the only protection many common citizens of Irrisen have against the White Witches and the cold fey of the North. Most Jadwiga consider possession of a hex nail an act of treason. Activating a hex nail grants a +1 Item bonus on the triggering save.
